

Program Participation and Participant Characteristics

School-Year Attendance

Program Hours Offered per Week

(2018-2019 School Year)

Total Attendance Days: **180**
 (2018-2019 School Year)

Race

Among 2018-2019 RAPs

Free and Reduced Lunch

Among 2018-2019 RAPs

Participant Grade Level

Among 2018-2019 RAPs

- Elementary School: **54**
- Intermediate/Middle School: **0**
- High School: **0**

Opportunities for 2019-2020

Increase Number of Program Volunteers: Additional volunteers would benefit the program to offsetting staff costs and improving student to staff ratios. This will further strengthen the program’s ability to assist students in meeting their academic goals and the program’s overall academic outcomes performance measures.

Strengthen Family Engagement Opportunities: Program staff should work with school personnel to engage additional families to further increase program enrollment. Collaboration between school personnel and program staff will aid in engaging additional families not already being served by the program. An example of this may be the afterschool program attending additional school functions to in order to promote the program.

2018-2019 Performance Measures Progress

Academic Outcomes

Outcome	Target	Performance Measure
77.27%	75%	of regular attending participants in grades 1-5 will receive a final spring grade of a B- or better in ELA.
59.09%	75%	of regular attending participants in grades 1-5 will receive a final spring grade of a B- or better in Math.
