

Orleans After School Program

This after school program is offered through a collaboration between Hoosier Uplands and Orleans Community Schools. The after school program is a child care program at Orleans Elementary School. The program was created for parents that do not otherwise have somewhere for their student to go during after school hours. Children will be engaging in homework help, computer-based learning activities, physical fitness activities, structured crafts, and enrichment activities. Pricing for the program is as follows:

- Only \$20 per week for families with one student
- \$35 per week for families with 2 students
- \$50 per week for families with 3 students!

*Applications are available at the Orleans Elementary school or at Hoosier Uplands.

Days of Operation

The after school program is open to all students in grades K through 6th grade. The program will operate at Orleans Elementary School beginning on the first full day of the fall semester and ending the last day of the spring semester.

Days of operation will be Monday through Friday when school is in session and the program will follow the school calendar of the corporation that it serves. There will be no services at the school on days that the school is not in session. In the event that school is dismissed early for any reason, the after school program **will not** operate.

Hours of Operation

The program is held at the school from the time of school dismissal until 5:30 p.m. All children must be picked up by this time.
