

## It's Beginning to Look Like a Safe Christmas

It's beginning to look like a safe Christmas  
Ev'rywhere you go;  
Take a look in the cars and trucks, everyone is buckled up  
And a winter survival kit is in the trunk.  
It's beginning to look like a safe Christmas,  
Speed limits are followed,  
And no fatigued or impaired drivers get behind the wheel  
They turn over the keys.

A house with a carbon monoxide detector  
For that gas fireplace that you have;  
New batteries in that smoke alarm  
Children taught not to play with fire;  
And Mom and Dad have taught the kids a fire escape plan.  
It's beginning to look like a safe Christmas  
Ev'rywhere you go;

The house is kept safe for the kids, hazards are not just hid,  
Things like guns and poisons are kept locked up.  
It's beginning to look like a safe Christmas;  
Soon the snow may start,  
So be sure to have water, canned goods and medicines on hand,  
Right within your house.

Anyone who would like to make a suggestion on a safety and/or health related article they would like to read in 2006 may contact me via e-mail at [jeremiah@hoosieruplands.org](mailto:jeremiah@hoosieruplands.org) or by sending a letter to: Melissa Jeremiah, RN, Hoosier Uplands Home Health Care & Hospice, P.O. Box 9, Mitchell, IN 47446.
