“Not All Home Health Care & Hospice Agencies Are Created Equal!”

Based on the 4th Quarter Home Health Testimonials of our Patients and Families:

“I am deaf, so the fact that every caretaker took the time to jot down on my steno pad the questions or info she had for me was very critical to my care. Never a signal that it was a “pain” and no rolled eyes to have to take the time to do this! All have been excellently trained and all believe in delivering great care. Congratulations to their trainers!”

“You couldn’t get any better than Hoosier Uplands for Home Health Care for all the care that I get or need.”

“PTA is always attentive about my safety and concern about doing the exercise properly.”

“I was treated like family. Wonderful people.”

“PTA was very friendly and kind.”

“You have a very thorough team.”

“Pleased, thank the LPN for the good care she gave to me. I miss her smiling face.”

“Very good services.”

“I was happy with all of them.”

“The health care I receive from Hoosier Uplands is great. Your lucky to have the RN’s; and so am I. They are great.”

“Words can’t express our gratitude you save me and my home over and over. All of the personnel I have encountered and talked with on the phone are definitely anointed and chosen by God himself to service humanity as they do. They’re super naturally kind and loving in person on phone calls. Hoosier Uplands workers have made survival possible in countless ways through the years since 1986.”

Based on the 4th Quarter Hospice Testimonials of our Patients and Families:

“1st experience with Hospice care. Never seen a more professional, kind, considerate and caring group of individuals than those who cared for us during this difficult time. I consider all of them family; can’t say enough good things about the care we received. I pray I’ll have the same team when my time comes to need help. A++++”

“They treated him like they would their own Dad.”

“Mother was very well taken care of by Hospice. She enjoyed everyone that came to her home. Hospice made it possible to finish her life at home; where she wanted. Each and every one made sure she was comfortable and well taken care of.”

“I would like to take this opportunity to give a special thanks to all caregivers who were involved in my sister’s hospice care. You have reached out and touched my family and it did not go unnoticed. So once again, thank you for the professional caring during a time which was a very difficult time for our family. Keep up the good work for the people that you care for in my hometown community.”

“RN was very helpful.”

“RN was Amazing! Couldn’t have asked for better care.”

“The hospice team was a true blessing to me. I tell everyone that I do not know how I could have gotten through Mom’s dementia progression and death without them.”

“RN was sent from God to do this job! We love her so much. The office staff were great to Mom. Other RN was awesome, too! Bath aides were Mom’s favorite and mine, too; so pleasant, respectful and loving! The people all have a calling for sure! Thanks to all who helped my Mother.”
